Powerful, Easy and Economical thin client desktop

Supporting Microsoft Terminal Services, Citrix MetaFrame and Tarantella servers with the lowest cost of ownership.

* Monitor not included

Key Business Benefits

+ Annual cost saving across the business
+ Reduce total cost of ownership (TCO)
+ Increase return on investment (RoI)
+ Reduce support and maintenance costs
+ Virtually eliminate desktop upgrades
+ Standardisation of the desktop
+ Easy hot-desking and roaming profiles
+ Centralised management and control
+ Remove viruses from the desktop
+ Reduce training costs
+ Easy deployment for remote offices
+ Application delivery on-demand
+ Aligns with corporate IT strategy
+ Reduces risk of data loss or theft
+ Cost effective alternative to PCs

Supported Infrastructure Features

+ Supports Windows 200x servers
+ Citrix MetaFrame, WinFrame, Presentation Server
+ Tarantella Enterprise
+ Multi-session and multi-protocol support

Technical Features

+ 300Mhz Intel class processor
+ Integrated graphics engine
+ 10/100mbps auto-sensing network port
+ Many USB options
+ Wireless support
+ Slim line device
+ Very low energy consumption

The Netvoyager Neterm CE1020 thin client is a powerful and compact, easy to use thin client desktop solution that is suitable for environments that require a wide variety of application server support.

The Netvoyager CE1020 provides all the benefits of thin client technology, from centralised administration and upgrades to improved security, at one of the lowest costs of ownership.

The CE1020 uses a network-based approach to information processing and application access and operates on the traditional local area network (LAN).

The hardware requires much less RAM and processing power and hence carries a significantly lower cost of ownership than a PC, as the processing is pushed to the network servers.

Despite these efficiencies, the CE1020 still offers a considerable feature set, including 10/100 ethernet connectivity and a broad range of expansion capabilities, including external USB storage devices such as floppy, CD-ROM and flash drives.

The CE1020 delivers powerful performance using the latest industry standard Microsoft Windows CE.NET operating system. It enables seamless access to a full range of business productivity tools and applications such as the internet, email, Microsoft, SAP and Oracle systems.

Netvoyager thin clients are a more efficient way to deliver Windows® applications, specifically to function oriented and general office users were lower cost of ownership, simplicity, manageability and security are paramount. Netvoyager thin clients are ideal for healthcare, call centre, manufacturing, and education environments.

The Neterm, like all other Netvoyager thin client desktops are remotely managed using the Netvoyager InFocus enterprise management tool as well as direct remote connectivity.

A complete industry standard plug-n-play desktop solution which is user-friendly, requires no application installations and is virus protected.

Server-based Computing Protocols & Applications

+ Microsoft RDP, Citrix ICA, Tarantella AIP
+ ThinPrint®

Platform Specifications

+ 300Mhz Intel class processor
+ 32MB RAM
+ 8MB Flash
+ Microsoft Windows CE.NET Operating System

Video Platform

+ VESA monitor support
+ Resolution upto 1280 x 1024
+ Colour depth upto 16-bits
+ Outputs include SVGA, S-video and composite ports

Audio

+ Full 16-bit audio with stereo out ports

Inputs

+ Keyboard: PS/2, optional USB or wireless Infra-red
+ Mouse: PS/2, optional USB or wireless Infra-red

Network Features

+ Auto-sensing 10/100Mbps Fast Ethernet
+ TCP/IP, DNS & DHCP support
+ Multiple master ICA browser support
+ Citrix ICA load balancing support
+ Point-to-Point Protocol (PPP)
+ VPN Support
+ SNMP support for remote management

Connectivity Ports

+ RJ-45 ethernet port
+ 2 x USB 1.1 ports
+ Stereo-out jack
+ Serial and parallel ports
+ VGA and s-composite ports

External Indicators

+ Power indicator
+ LAN activity indicator

Optional Accessories

+ Wireless IR keyboard
+ External USB floppy drive
+ External USB flash drives
+ External USB WiFi 802.11b NIC
+ External USB/Serial PSTN modem

Server OS Compatibility and Support

+ Microsoft .Net Server ready
+ Microsoft Windows 2000
+ Microsoft Windows NT4 Server Terminal Server
+ Citrix Winframe, Metaframe, XP and Presentation Server
+ Tarantella Enterprise 3 Server

Configuration and Management

+ Remote device shadowing
+ Remote management w/Netvoyager InFocus
+ Multi-language keyboard support
+ Configurable session auto-login
+ Multi-session and multi-protocol support

Electrical Features

+ Internal universal power supply
+ 110-240V AC supported
+ 40W power consumption

Physical Features

+ Weight: 1.5kg
+ Dimensions: H 5.5cm x W 31.5cm x D 24.5cm

Warranty Support

+ 1 year return to base
+ Applicable only with online registration
  within 30 days of purchase
+ Premium support contracts available

Environmental Specifications

+ Temperature Range: 0°C to 40°
+ Humidity Range: 20% to 80% non-condensing

Compliance

+ FCC, CE, TUV, UL
